Congregation Ahavath Achim is honored to dedicate this 2021 calendar to a wonderful man and two time Past President of the Board of Directors...

Sidney Gitlitz

He came from humble beginnings, but he had an immense willingness to help those in need. He loved to reminisce about growing up in a Polish community in New Britain, where his family had to share one car with two other families. Sid took the train every day from New Britain to New Haven to attend college. After graduating from the UConn School of Pharmacy, he and his brother Irving came to Colchester and opened the first modern pharmacy in town, Rexall Pharmaceuticals. Together they would open additional stores and they all started with stellar customer service. Sid worked grueling hours, often weeks at a time without a single day off and rarely stopping for a vacation. Some say his lunch counter was one of the best restaurants in town. He always had the best corned beef, pastrami and pickles brought in direct from New York City. Sid was saddened by the demise of the family owned pharmacies and the spike in drug prices that put many out of the reach of the less fortunate.

He gave jobs to many of the local teens and was generous with his employees, but one young man truly stood out. A teenager by the name of Jack Herman. Sid mentored him and encouraged him to become a pharmacist. He helped him to start his own pharmacy business. Jack continued that same customer service and both were truly loved by the Community. Back in the day, the town of Colchester would plow Sid's driveway, just in case he needed to get out to help someone during a storm.

Sid always had a bit of wisdom to share, often while playing cards with the boys. However there was nothing he loved more than his beautiful family. His wife Eadie of 67 years, his 3 daughters and his 9 grandchildren were his pride and joy. He was a true family man and always made you feel like part of the family. He joked about when he was buying his oldest daughter her first car. She could not make up her mind between 3 she liked on the lot. So Sid bought all 3 saying, "someone can use the other two". He loved attending the weekly Talmud classes and the room always felt warmer when he entered the synagogue on Saturday mornings. Always dressed in a jacket, his eyes would light up when talking about a UConn basketball or football game or making his own pickles and sour tomatoes.

He was a true Mensch. We will miss you Sid, and although we are separated physically, our memories will keep us close together.
